MATT

& PETER

We're on this journey with you, capturing fleeting moments together and showing the world the tender side of your relationship.

HOW DO WE CREATE?

Our style is Cinema.

We already have several theatrical releases under our belt, including award-winning films at international festivals.

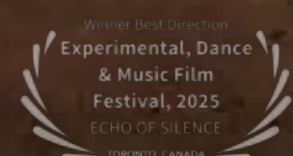

When creating your wedding film, we approach it as if it was our next cinema production.

We know it's impossible to remain completely unnoticed while filming, but we never forget that a great shoot day is built on a friendly atmosphere.

YOUR OWN JOURNEY INTO **FILM WORLD**

We bring our experience from the sets of films acclaimed and awarded at international festivals. We've filmed in wild Norway, desert Jordan, exotic Madeira, and our native Poland.

We want to create a film about you unlike any other. This is meant to be your story—not just a montage of pretty wedding shots.

SECOND SHOOTING DAY

ON WHICH YOU AND YOUR RELATIONSHIP TAKE THE MAIN PART

You are unique, and we want to show that. We want to spend extra time with you—sometimes on a separate date away from the wedding venue—where we can capture what makes your bond special: your passions, connection, and emotions.

Often, this can be fully achieved on the day of the event, but sometimes it takes an extra session before or after the wedding. A great film is more than just a recording of an event—it's a journey into someone's world, and we want to capture that in every film we make. We'll discuss how to achieve this together during our consultation.

IN OUR FILM PACKAGE YOU GET
UP TO 4 HOURS
OUR WORK ON LOCATION WITH YOU

Krótko: gorąco polecam! Rozwijając:

Z Moffy Digital podjęliśmy współpracę podczas organizacji naszego ślubu i wesela. Zrobiliśmy wspólnie wizję lokalną sali ślubnej i ogrodu, poszukaliśmy kadrów, wymieniliśmy się inspiracjami filmowo-fotograficznymi i przeszliśmy wiele rozmów dotyczących naszego stylu, wymagań, oczekiwań i marzeń. Każde z nich zostało uwzględnione i zaspokojone, mamy przepiękne zdjęcia i filmy ze ślubu, wspaniałą pamiątkę z wesela, a do tego wyborną sesję poślubną z zabawnymi i uroczymi filmami w wybranym stylu filmowym. Chłopaki doskonale znają się na rejestracji ruchu, widzą świat w kadrach, mają pomysł na każde ujęcie, wykonują ciekawą i staranną obróbkę/postprodukcję. Kontakt jest szybki, miły i rzeczowy, można się dogadać na każdej płaszczyźnie. Bonus: A jak oni tańczą! 🥳

Odebraliśmy właśnie film ślubny od Moffy Digital i szczerze? Wyszło jeszcze lepiej, niż myśleliśmy. Zamiast pisać poematy, wrzucam kilka konkretnych, za które należą się chłopakom największe brawa:

- ✅ Pierwszy taniec – wiedzieliśmy, że nagrywanie tańca to ich konik i bardzo nam na tym zależało. Nie zawiedliśmy się, ujęcia są dynamiczne i wyglądają super.
- ✅ Zaangażowanie – to nie tylko „kamerzyści”. Pomogli nam dobrać muzykę, sypali pomysłami organizacyjnymi i przez cały czas służyli dobrą radą.
- ✅ Podejście do poprawek – po pierwszej wersji mieliśmy kilka uwag co do ważnych dla nas momentów. Chłopaki bez problemu to przyjęli i sami zaproponowali, jak to najlepiej zmontować. Wyszło idealnie.
- ✅ Współpraca – świetnie dogadywali się z resztą naszych usługodawców, zero stresu.

Dzięki nim mamy nie tylko film, ale też wyłapane dodatkowe momenty, które byłyby zapomniane. Jeśli szukacie kogoś z pasją i luźnym, ale profesjonalnym podejściem – polecamy!

Z jednej strony byli niewidoczni, ale z drugiej byli wszędzie tam gdzie powinni. Mieli multum pomysłów, świetny vibe i nie tylko uwiecznili najsześliwszy dzień naszego życia, ale pokazali nam go z perspektyw których sami nie dostrzegliśmy.

Profesjoniści, a co najważniejsze ludzie z pasją do tego tego co robią. Ich produkcje przykuwają oczy na długo. Znają się na rzeczy, prowadzą swoje projekty od A do Z, potrafią też doradzić jakie rozwiązanie będzie bardziej odpowiednie do danej produkcji. Polecam z czystym sumieniem!

First Dance

— FROM —
1600 EUR

** Choreography with a first dance instructor
(and practice studio rental priced separately)*

LET'S RECORD THE FIRST DANCE BEFORE THE RECEPTION AND SCREEN IT DURING THE PARTY INSTEAD OF PERFORMING IT LIVE.

We know that on your wedding day, you want to feel confident and relaxed, hoping everything goes smoothly. However, if one of you doesn't feel comfortable dancing, the prospect of performing live in front of your loved ones can feel overwhelming. This is much more common than you might think.

As dancers, choreographers, and filmmakers rolled into one, we have the perfect solution: recording your choreography on camera in advance to create a film you can screen during your wedding reception.

After the screening, you'll soak in the applause—and whether you decide to dance a short section live afterwards is entirely up to you. Either way, a gorgeous, cinematic first dance production will remain yours to treasure forever.

A woman with dark hair, wearing a white wedding veil, is shown in profile, looking down. She is holding a small object in her hands. The background is a soft, golden sunset over a field of tall grass. The lighting is warm and romantic.
